Notes to the financial results:

- The above audited results were reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on 30.05.2017.
- The Company operates only in one primary segment i.e. fire protection.
- Consequent to dilution of equity stake in Worthington Nitin Cylinders Private Limited (WNCPL) in December 2010, the Company has taken over the outstanding claim of a derivative contract amounting to ₹ 501.33 Lakhs (excluding interest). On referring the matter to a legal counsel, it has opined that the said contract is not valid as per Reserve Bank of India regulations and hence, no liability is expected on the Company. The Company has filed a petition in the Honorable High Court of Bombay challenging the legality of the contract. The petition is pending for disposal. Further, the Company has not determined the quantum of mark to market losses as of the Balance Sheet date. Pending decision, no provision is made in the books of account.
- With regard to the Company's investment in Equity Shares of Worthington Nitin Cylinders Private Limited (WNCPL) carried at a cost of ₹ 4,195.04 lakhs, (CFS ₹ 770.63 lakhs) as at 31.03.2017, the Management is in discussion with the majority shareholders of WNCPL and on the way forward, expect to recover the carrying amount and thus believes that there is no diminution other than temporary in the value of the investment as at 31.03.2017. In absence of the financial statements of WNCPL since 31.03.2015, the results of WNCPL have been consolidated based on the annual results for the year ended 31.03.2015.
- The Company is carrying an amount of ₹ 2,263.73 lakhs which is its share of costs incurred in an oil block exploration operated by Gas Authority of India Limited (GAIL). The Company and GAIL are engaged in arbitration proceedings for non compliance of certain terms of Joint Operating Agreement as entered into. Based on its own assessment which is also backed by legal advice, the Company believes that it will be able to recover its entire investment amount of ₹ 2,263.73 lakhs. Thus, there is no impairment considered necessary by the Management to the carrying value of this asset carried as 'Claims Receivable' under other non current assets.
- Trade receivables for the year ended 31.03.2017 includes ₹ 16,698.10 lakhs against exports made in earlier years, payments for which are not forthcoming. The company's management is making all efforts to recover the same and is confident of recovery. Hence, no provision is considered necessary.
- Cost of materials consumed for the year ended 31.03.2017 includes ₹ 2,200.34 lakhs on account of write off of slow moving / non moving stock.
- Other expenses for the year ended 31.03.2017 includes ₹ 3,349.00 lakhs, ₹ 383.40 lakhs, and ₹ 710.18 lakhs on account of provision for doubtful debts, provision for diminution in the value of investments and loss on foreign exchange translation respectively.
- The company had accounted for consignment sales amounting to ₹ 23,671.79 lakhs during the quarter ending 30.09.2016. However the party to whom the sales were effected rejected the consignment as it did not meet with its specification. Accordingly, the sales of ₹ 23,671.79 lakhs has been reversed during the current quarter ending 31.03.2017 and pursuant to which net sales reported during last quarter of the year is in the negative.
- The figures for the quarter ended 31.03.2017 are the balancing figures between the audited figures for the full financial year ended 31.03.2017 and the published year to date figures upto the third quarter of the financial year.
- Previous period's/year's figures are regrouped/restated wherever considered necessary.
